3 December 1969

MEMORANDUM FOR: Chief, Personnel Branch, SSD/TSSG
THROUGH : Chief, Technical Services & Support Group
SUBJECT :

RED has reviewed resume. He looks good and has capabilities which could be well utilized by RED. However, his desired salary (equivalent grade) makes his employment out of the question. We currently have no GS-14 vacancies, and even if we did, we would have to reserve them for people in a couple of highly critical areas; i.e., electronics and optics.
